

CENTER CONSOLE TRAY

Installation Manual

Genuine Part Number: J2010SL100

Applicable Model: FORESTER 2025MY~

Request

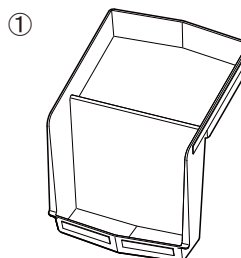

Please make sure to read this manual before installing the center console tray to ensure proper installation. If you do not follow the precautions, then the car may be damaged or the product may peel off or tear, resulting in a serious accident.

⚠ Precautions for installation

1. Carry out the installation work in a large open area free from obstructions to ensure safety.
2. Turn OFF the engine and securely apply the parking brake before carrying out the work.
3. When installing, do not apply strong force from above.
4. Oil stains will leave stains.
5. If you rub it with a hard object, it will get scratched. (strong power, sharp object, rub on)

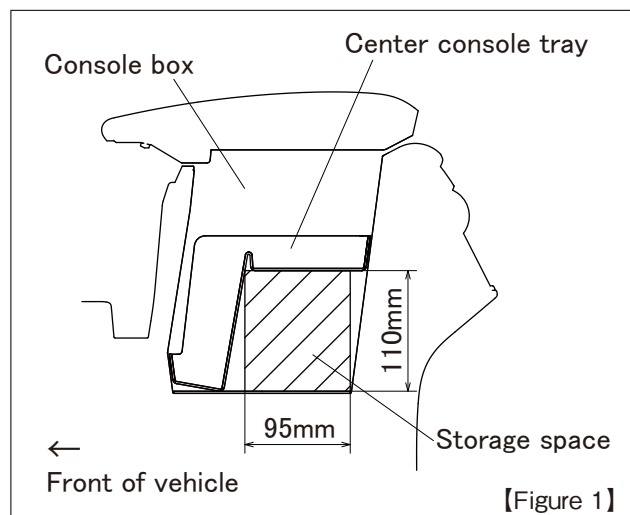

Components (Be sure to check the components before starting work)

No.	Part Description	Quantity
