<b>Subject:</b>  MAZDA RADAR CRUISE CONTROL (MRCC) WILL NOT SET	<b>M-Tips No.:</b> MT-005/17
	<b>Last Issued:</b> 03/27/2017

## DESCRIPTION

### APPLICABLE MODEL(S)/VINS

2017 CX-5 vehicles equipped with MRCC  
2016-2017 CX-9 vehicles equipped with MRCC  
2017 Mazda3 vehicles equipped with MRCC

Some vehicles equipped with Mazda Radar Cruise Control (MRCC) will not set (the system stays on standby) if the driver's seat belt is not fastened. This is a normal condition. Do not perform any repairs for this condition.

Seat Belt Warning Light

Remind the customer that they should always wear their seat belt and inform them that wearing the driver's seat belt will address this issue.
