Purpose for Parts and Accessories Bulletin

To notify dealers participating in the Harley-Davidson Motor Company (HDMC) Battery Recycling Program that the battery core credit is changing.

Markets Affected

United States (DOM) market only.

Battery Core Credit

Effective June 9, 2025, the battery core credit on each battery is \$3.85.

Summary

Dealers can start using this program at any time.

Details on how to use the Battery Recycling Pickup Request tool and how to schedule are provided on H-Dnet.com.

The program requires a HDMC request number before or at the time of pick-up. Search for **Battery Recycle Program** for details.

Dealers using this program:

- Earn additional revenue on each returned battery core
- Know that raw materials in used batteries are being recycled or disposed of properly
- Play a crucial role in protecting the environment and ensuring hazardous materials don't end up in landfills.
