Software Update 12 - Connectivity

Telematics Control Unit

As a reminder, ensure you have a recurring Software Update schedule set in order to receive important updates for your vehicle. Visit the Software Update settings in-vehicle or on your mobile app.

1

TCU-26.2.11.3

"We've updated the Telematics Control Unit (TCU) to improve communication with the network services that support your vehicle's connected features.

Because these are behind-the-scenes system improvements, you will not see any visible changes to your vehicle at this time."
