WARRANTY INFORMATION LETTER	
No.	WI26-004
Release	20Apr26
Effective	18May26
Subject	Detroit Standard Repair Time Updates – Gen 5 Heavy-Duty Engines

- ❖ Overview

The Service Methods and Warranty teams recently reviewed Standard Repair Times (SRTs), historical claim data, and time study data for the Gen 5 DD15 heavy-duty engine. As a result, for Gen 5 DD15 heavy-duty engines, the SRTs listed below are being adjusted. The updated SRTs will be applied to repair orders opened on or after May 18, 2026.
- ❖ Updated SRTs

 - HARNESS, ATS WIRING, R/R (SRT 246-6130E)
 - ADJUSTING SCREW, ROCKER ARM, INTAKE, R/R (SRT 101-6802A)
 - AIR COMPRESSOR, R/R WITH STEAM CLEAN AND ROAD TEST (SRT 107-6929E)
 - OIL SEAL, CRANKSHAFT, REAR, R/R, INCLUDES TRANSMISSION, WITH STEAM CLEAN AND ROAD TEST (SRT 101-6330E)
 - FLYWHEEL, R/R, INCLUDES TRANSMISSION WITH ROAD TEST (SRT 101-6400B)

The tables below identify the impacted labor, chassis service models, engine series, and times. Any questions regarding SRTs may be submitted through the PRISM Network Assistant (PNA).

Labor Code	Description	Summary	Chassis Service Model	Engine Series	Current Hours	Updated Hours
SRT 246-6130E	HARNESS, ATS WIRING, R/R	Use for replacement of the Aftertreatment System (ATS) harness. See workshop manual for detailed repair procedures.	ALL CHASSIS MODELS	ALL GEN 5 DD15 ENGINES	0.7	0.9
SRT 101-6802A	ADJUSTING SCREW, ROCKER ARM, INTAKE, R/R	Use for replacement of one or multiple intake rocker arm adjustment screws. See workshop manual for detailed repair procedure.			3.1	3.5
SRT 107-6929E	AIR COMPRESSOR, R/R WITH STEAM CLEAN AND ROAD TEST	Use for replacement of the air compressor assembly. See workshop manual for detailed repair procedures.			4.3	3.9
SRT 101-6330E	OIL SEAL, CRANKSHAFT, REAR, R/R, INCLUDES TRANSMISSION, WITH STEAM CLEAN AND ROAD TEST	Use for replacement of the rear crankshaft oil seal. See workshop manual for detailed repair procedure.			8.4	8
SRT 101-6400B	FLYWHEEL, R/R, INCLUDES TRANSMISSION WITH ROAD TEST	Use for replacement of the flywheel. See workshop manual for detailed repair procedure.			8.2	7.9
