Software Update 12 - Central Computer

Enhanced Central Gateway

As a reminder, ensure you have a recurring Software Update schedule set in order to receive important updates for your vehicle. Visit the Software Update settings in-vehicle or on your mobile app.

1

ECG-26.2.11.5

"We've updated the Enhanced Central Gateway (ECG) to deliver a more seamless interaction between your vehicle's modules. This update lays the groundwork for upcoming software improvements to your touchscreen (SYNC) and connectivity (TCU) modules.

Because these are behind-the-scenes system improvements, you will not see any visible changes to your vehicle at this time."
