

DCMail COMDASH 112647 - 2026 Jeep Grand Cherokee (WL) – Fuel Fill Communication

Start Date 6/2/2026 9:19 AM

End Date 12/31/8900 12:00 AM

Subject: 2026 Jeep Grand Cherokee (WL) – Initial Delivery Premium Fuel Fill

- All 2026 Jeep Grand Cherokee (WL) vehicles must be delivered to the customer with a **full tank of premium gasoline (91 octane or greater)** at initial delivery. The use of premium gasoline better supports engine performance during the break-in period (300 miles / 500 km).
- The reimbursement has been updated to reflect this premium gasoline allotment.
- Customers should refer to the vehicle Owner Manual for all ongoing fuel recommendations and requirements.
