Correction

As of 06/08/2026, the K124 Image Processing Module programming has been reinstated into SPS.

When programming the K124, please follow Service Information Programming procedure.

If having any issue with programming the K124:

For assistance, Techline Customer Support Center (TCSC) can be contacted using the applicable methods below:

- For US ONLY: Assistance can be provided by using the CXConnect portal in GlobalConnect. If additional support is needed once the CXConnect case is created, contact TCSC at 1-800-828-6860. For US only: A CX Connect case is highly recommended in order for the team to provide the quickest support. In the near future, a CX Connect case will be required for support.
- For Canada: Contact TCSC at (English: 1-800-828-6860, French: 1-800-503-3222).
- For all other regions: Contact your regional Technical Assistance team for Global Techline Support.

For all other regions: Contact your regional Technical Assistance team for Global Techline Support.
