Software Update for Body Domain Controller

Telluride | June 23, 2026

This Over-the-Air (OTA) software update is designed to update the Body Domain Controller (BDC) logic of certain 2027 Telluride vehicles. This update is designed to improve the connection and controller logic between Digital Key and Ultra Wideband-supported smartphone devices to reduce 12V battery consumption.

1.	Vehicle Model	2027 Telluride (produced between 12/3/2025 – 5/4/2026) 2027 Telluride HEV (produced between 12/4/2025 – 5/4/2026)
2.	Time Required	OTA Update (in-vehicle): 4 minutes approx. Once this software is downloaded by the vehicle, and the vehicle is powered off, a pop-up will be displayed on the infotainment screen.

Additional information: This OTA will be rolled-out to all eligible Telluride vehicles with an active Kia Connect account.

If you have any questions, please contact the Kia Connect Call Center (844) 886-9411.

Reference Enhancement SA651.
