Quattroporte / Ghibli / Levante V6 – Thermostat Gasket Availability

DATE: June 9, 2026

This bulletin provides updated information and further clarification regarding the replaceability of the thermostat gasket on V6 engines installed on Quattroporte, Ghibli and Levante.

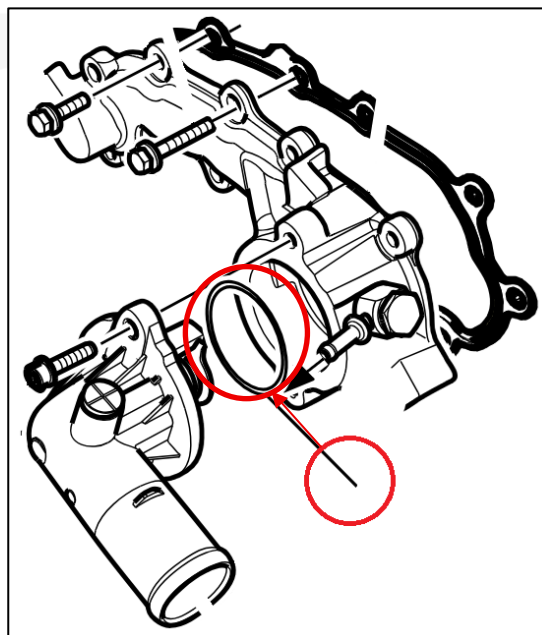

Affected Models

This information applies to all model years of the following vehicles equipped with V6 ICE engines:

- Quattroporte V6 (M156).
- Ghibli V6 (M157).
- Levante V6 (M161).

Operational Description

On V6 ICE engines installed in Quattroporte, Ghibli, and Levante vehicles, the thermostat gasket is now available as a separate replacement component, allowing gasket replacement without replacement of the complete thermostat assembly when appropriate.

Available Parts Details

The following spare part is now available:

- P/N #673017343: GASKET (component #64 in Section 01.71-4 of the Spare Parts Catalogue).

✂ Note: Always refer to the latest Technical Documentation to confirm correct parts application.

Workshop Procedure

To replace this gasket, follow the thermostat removal/refitting procedure:

- #1.71.003: THERMAL PRESSURE SWITCH COVER – Removal/Refitting.

Special Tools: Not required.

We remain at your disposal for any further clarification.

Kind regards.
