- EMY2012
- EMY2013
- EMY2014
- EMY2015
- EMY2016
- EMY2017
- EMY2018
- EMY2019
- EMY2020
- EMY2021
- EMY2022
- EMY2023

Additional components are included in Fix-As-Fail bulletins. (See Powertrain Service Bulletins outlined below)

Policy

To provide increased coverage for select components on the PACCAR MX Engine Model Years outlined above, Kenworth has created a series of Extended Warranty codes and Fix-As-Fail service bulletins.

Extended Warranty:

Similar to conventional Extended Warranty; the chassis will specify one of the following emissions extended coverage plans on the Service Information Record. For specific coverage and procedure details

please refer to the warranty bulletin number specified in the coverage description.

Powertrain Service Bulletins

There are additional components that will enjoy additional coverage on a fix-as-fail basis under the outlined bulletins below. For coverage details and administration procedures, please review the content in the following bulletin:

- [E221](#) - MX-11/MX-13 MY2014-MY2017 Fix -As-Fail Coverage - Hengst CCV

This coverage applies only to the first failure of a covered component, and is only covered once. If a component replaced under the above PSB fails a second time, the second failure is not covered by that PSB.

Service Information Record

Here is an illustration showing how the Engine Model Year (EMY) and Extended coverage will appear in
