

**UPDATED 6/29/2026 - CSP14 - MAZDA REAR BRAKE PAD WARRANTY EXTENSION**

**CONDITION OF CONCERN**

For certain 2024-2026MY CX-90 Vehicles Mazda is expanding the standard brake pad coverage from 1-year/12,000 miles to 3-years/36,000 miles to cover repairs related to rear brake squeal. The owner is eligible for a one-time replacement of redesigned rear brake pads at no cost if the brake squeal symptom matches a Technical Service Bulletin (TSB) which will be published prior to sending the Second notification. The redesigned brake pads will be covered under the vehicle’s original 3-year/36,000-mile warranty, or 1 year/12,000 miles from installation whichever provides longer coverage. If the vehicle is out of warranty, the coverage will be as stated in the owner letter for 3 months from the parts available letter mail date with no mileage limitation. Phase 1 vehicles had a mail date of May 29, 2026.

**REPAIR OUTLINE:**

Replace the rear brake pads due to squeak or squeal noise.

**LIMITATION OF WARRANTY – VEHICLE BRANDING – WARRANTY POLICY 3.4**

For any Mazda Warranty including Warranty Extensions there is no coverage as outlined in “What Is Not Covered” in the Customer Warranty Booklet. There is no coverage for W-1 Total Loss vehicles or other Mazda Branding for brake components as outlined in Warranty Policy 3.4.

**DETERMINATION IF VEHICLE IS ELIGIBLE FOR REPAIRS**

**\*\*Please Note: The VINs below are ALL the VINs in the campaign, and within these, there are multiple phases. Each line does not represent a phase.\*\***

See below to confirm if a VIN is within Phase 1 (Mail date May 29, 2026).

- Customer has the letter stating parts are now available.
- Use the Repair Calculator on page 2 to confirm the vehicle is in Phase 1 and to repair.
- If not in Phase 1 the customer must wait until their letter is received for repairs.
