

X LINE DUAL SPORT LIGHTING KIT

Here At Last

One of the most requested XB and XE accessories is finally here. The new Dual Sport Lighting Kits include everything riders have been asking for to complete the look:

- Front and rear turn signals
- Tail light assembly
- Mirrors

Whether it's part of a new bike sale or an upgrade for an existing customer, this is one of the most anticipated XB and XE accessories. Quantities are limited. Order early to secure stock before the next shipment arrives.

⚠️ Reminder: These kits add dual sport styling but do not make the XB or XE street legal.

DUAL SPORT LIGHTING KITS

TUNER

The Future Starts Here

Faster diagnostics. Faster repairs. Less time chasing information. Tuner isn't just replacing DIAG4Zero, it's changing the way dealerships service Zero Motorcycles. Key features include:

- Guided step-by-step diagnostics
- Automatic ECU log uploads
- Integrated software update management
- Faster service workflows.

Dealer Price: \$400
Part Number: 10004530-01

As Cypher III motorcycles continue moving to the latest firmware version, Tuner will become an essential tool for dealership service departments. For more information on the Tuner diagnostic tool, please visit our Tuner landing page and email support@zeromotorcycles.com with any questions you have.

CYPHER III OTA FIRMWARE RELEASE

Coming Soon

The latest firmware release (MBB V45, BMU V21, BMS V27) for 2020+ Cypher III motorcycles will be available Over The Air to customers on June 17. This release includes:

- Bug fixes
- Security improvements
- General system stability enhancements

While customers may simply see an update notification, dealers should be aware that this release marks an important transition toward the Tuner diagnostic tool. For motorcycles running the latest Cypher III firmware, Tuner will become the primary tool for many service and maintenance functions moving forward.

If your dealership hasn't explored Tuner yet, now is the perfect time to get started.
