Re: Product Update: 2023-26 Multi-Model Hybrid PGM-FI Software Update

Today, July 24, 2026, American Honda is announcing a **product update** for certain 2023-2025 Accord Hybrid, 2025-2026 Civic Hybrid, and 2023-2026 CR-V Hybrid vehicles. To help improve engine temperatures, a software update has been developed for the electric water pump to optimize its operation. **Perform an iN VIN status inquiry to determine which units in your inventory are affected.**

REPAIR

Update the PGM-FI software.

SOFTWARE

The updated software will be available at launch.

PARTS

There are no parts needed for this campaign.

TOOLS

There are no new special tools needed for this campaign.

SERVICE BULLETINS

The following Service Bulletins have posted to the Service Information System (SIS) as of July 24, 2026. They include software, repair, and warranty claim information related to this campaign.

- 26-080, *Product Update: 2023-25 Accord Hybrid PGM-FI Software Update*
- 26-088, *Product Update: 2023-26 CR-V Hybrid PGM-FI Software Update*
- 26-089, *Product Update: 2025-26 Civic Hybrid PGM-FI Software Update*

CUSTOMER NOTIFICATION

American Honda expects to begin customer notification in early September 2026.

As always, be sure to perform an iN VIN status inquiry for all vehicles passing through your dealership to determine eligibility for any open campaigns.
