Product Change Notice - 2K-7K Dust Caps

Dear Valued Customer:

Lippert is implementing improvements to the dust cap design used on Lippert and Curt 2K through 7K axle product lines. This change includes thicker material, longer flange and larger round on the top surface that has been fully validated to meet performance standards.

Summary of Change

- Applies to Lippert and Curt axle capacities: 2K-7K.
- New dust cap design serves as approved alternatives to existing dust caps.
- No changes to installation procedures or operational requirements for OEM customers.

Dust Caps		
Current PN	New PN	Axle Designation
127300	2025003993	7K
122064	2025070625	5.2K-6K
122067	2025070642	2K-3.5K

If you have any questions, please feel free to call me directly or your Lippert representative. We value and appreciate your business and partnership.

Sincerely,

Robert Boone
