Background

American Honda Motor Co., Inc. (AHM) is searching for certain 2024-2026 Civics and HR-Vs with a customer complaint of the A/C not blowing cold air and the technician finding the A/C compressor to be seized. To better understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. For Civic, LX & Sport trim levels are accepted.
2. Hybrid Civics are not accepted.
3. For HR-V, all trim levels are accepted.
4. Dealer must confirm A/C is INOP due to seized compressor.
5. Dealer must confirm there are no leaks in the HVAC system using a leak detector (sniffer).
6. No prior HVAC repairs including A/C refrigerant evacuation or recharge or replacement of HVAC components.
7. No repair attempts during this visit.
8. No history of collisions.

Action Required

If a vehicle matching the qualifiers above comes into your dealership, please e-mail Technical Information & Support (TIS) at tis@ahm.honda.com or call us at 800-880-1072 (Monday-Friday, 6am-5pm PST). Technical Information & Support (TIS) will provide additional information if this situation applies.

Thank you.
