Product Change Notice - Universal Low Flow Hydraulic Power Units

Dear Valued Customer:

Please be advised that Lippert is consolidating the current Deli Vertical (PN 433521) and Deli Horizontal (PN 433523) hydraulic power units into a single universal low flow power unit, Deli Universal LFP (PN 2025000013).

The Deli Universal LFP utilizes a universal reservoir design, allowing it to be installed in either a vertical or horizontal orientation. This enables the new unit to function as a direct replacement for both existing configurations.

There is no change to installation or operation for our customers. The connections and overall integration remain consistent with the current Deli vertical and horizontal power units. To support identification, the Deli Universal LFP pump will include a green sticker indicating it is a low flow pump. The change will begin on or around 1-1-2027.

PNs

Deli Vertical- 433521

Deli Horizontal- 433523

Deli Universal Low Flow Pump- 2025000013

Vertical- 433521

Horizontal- 433523
