2026 Palisade/Palisade Hybrid second- and third-row power seat functionality updates.

Updates have been made to your vehicle Owner's Manual regarding the instructions for the second- and third-row power seat operation:

- Tailgate must be open to use the seat-stow (fold-flat) function.
- Seat and cargo area fold switches must be pressed and held until the desired seat movement is completed.
- To access the third row, press and hold the second-row walk-in switch to tilt the seat forward. To return the seat, press and hold the seatback recline switch.

Please note: your vehicle has been updated with the latest detection logic technology. However, the second- and third-row power seat operation cannot be controlled through the infotainment screen.
