Emissions Recall 25E10

Mr. John Sample
123 Main Street
Anywhere, USA 12345

Your Vehicle Identification Number (VIN): 12345678901234567

Ford Motor Company values you as a customer and is committed to vehicle quality and preserving the environment. Your vehicle may be releasing air pollutants that exceed applicable emissions standards. Therefore, we are voluntarily recalling your vehicle, with the VIN shown above.

What is the issue?	Your vehicle has an emissions control system that does not account for certain in-use conditions and might not control tailpipe emissions effectively over time.
What is the effect?	Your vehicle might not meet the applicable tailpipe emissions standards.
What will Ford and your dealer do?	<u>Software is available to repair your vehicle.</u> Ford Motor Company has authorized your dealer to reprogram the Powertrain Control Module (PCM) in your vehicle with the latest software free of charge (parts and labor). You are eligible for this free service even if you previously used non-Ford parts to service your vehicle or had your vehicle serviced at a non-Ford dealer.
How long will it take?	The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.
What should you do?	Please call your dealer without delay to request a service appointment for Emissions Recall 25E10. Provide the dealer with the VIN, which is printed near your name at the beginning of this letter. Ford <u>has not</u> issued instructions to stop driving your vehicle under this emissions recall. If you do not already have a servicing dealer, you can access ford.com/support for dealer addresses, maps, and driving instructions. Ford Motor Company wants you to have this recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. Ford Motor Company can deny coverage for any vehicle damage that may result from the failure to have this recall performed on a timely basis. Therefore, please have this recall performed as soon as possible. NOTE: You can receive information about Recalls and Customer Satisfaction Programs through our Ford App. The app can be downloaded through the App Store or Google Play.
Mobile Service	Ford Mobile Service is offered by participating dealers, contact your dealer for details.

Pick-Up and Delivery	Complimentary vehicle Pick-Up & Delivery service may also be available upon request through participating dealers. Your dealer will pick up your vehicle and return it with the repair completed.
What happens if you do not have this service performed?	It is possible that: • Your vehicle may not pass emissions or smog tests that may be required in your area • Your State Department of Motor Vehicles may not renew your vehicle registration • Your emissions warranty may be reduced
Can we assist you further?	If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance. If you have questions or concerns, please contact our Ford Recall Assistance Center (RAC) at 1-866-436-7332 and one of our representatives will be happy to assist you. The RAC is open on weekdays from 8:30 AM – 7:00 PM (Eastern Time). TTY/TDD users, please contact the RAC at the number listed using the Telecommunication Relay Service by dialing 711. If you wish to contact us through the internet, our address is ford.com/support.
California and Massachusetts Registration Requirements	The State of California and the Commonwealth of Massachusetts require the completion of emissions recall repairs before vehicle registration renewal. If your vehicle is registered in California or Massachusetts, it is subject to these requirements. When your dealer completes this emissions recall repair, you will receive a Vehicle Emissions Recall Proof of Correction certificate. <u>Please make sure that you receive a certificate from your dealer and that you have it with you when you renew your vehicle registration.</u> <u>It is also important for you to know that the certificate should be returned to the Department of Motor Vehicles (DMV) only if it is requested by the DMV. Otherwise, this certificate is to be held by you for your records.</u> To ensure your full protection under emissions warranty provisions, and to avoid any inconvenience when renewing your registration, it is recommended that you have your vehicle serviced as soon as possible. Failure to do so could be determined as a lack of proper maintenance of your vehicle.

Thank you for your attention to this important matter.

Customer Service Division

What if you no longer own this vehicle?

If you have sold this vehicle, please visit FordVSN.com or scan the QR code and enter the requested information in the associated website.

Alternatively, you may complete and detach the Vehicle Sale Notification form on the reserve side and mail it in the enclosed prepaid envelope.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

VEHICLE SALE NOTIFICATION FOR <Program Number>

If you no longer own this vehicle and do not know the current owner, no further action is required.

☐ I no longer own this vehicle. Vehicle has been sold/transferred to:
