

GM CUSTOMER CARE AND AFTERSALES
DCS4118
URGENT - DISTRIBUTE IMMEDIATELY

Date: July 22, 2016

Subject: Safety Recall Bulletins 14491C, 14735B and 15406B
Front Passenger Air Bag Inflator
Part Number 19205568 Discontinued

Models: 2003-2007 Pontiac Vibe

To: All General Motors Dealers

Attention: General Manager, Service Advisor, Service Manager, Parts and
Service Director, Parts Manager, Used Vehicle Sales Manager,
and Warranty Administrator

Effective immediately, the use of Part Number 19205568 - Front Passenger Air Bag Inflator Module to complete safety recalls 14491, 14735 or 15406 has been discontinued. This part is no longer available and an alternative repair procedure is being implemented. Dealers will now replace the entire front passenger air bag inflator assembly instead of just the front passenger air bag inflator module. Accordingly, the parts, service and warranty sections in these bulletins has been revised. Information regarding the disposition of Part Number 19205568 will be provided in the near future via a Parts Manager alert message. Please see the attached bulletins for details and discard all copies of bulletin 14491B, 14735A and 15406A.
