As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

WHY IS YOUR VEHICLE BEING RECALLED?

Your GM dealer will install a shift cable assembly and mounting bracket. This service will be performed for you at no charge. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 1 hour and 15 minutes.

You should contact your GM dealer to arrange a service appointment as soon as possible.
