

## IMPORTANT SAFETY RECALL

**NHTSA RECALL 15C-004**

October 2016

Dear Valued Graco Consumer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Graco has decided that certain Graco Milestone® child restraints as listed in the table below, fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 213, “Child Restraint Systems”. Specifically, an on-product label is missing the information stating to secure the child restraint with the vehicle’s child restraint anchorage system if available or with a vehicle belt. In the event of a vehicle crash, an unsecured child restraint may result in injury.

Milestone Model Numbers	Date of Manufacture Range
1910130	7/9/2015 to 10/9/2015
1923980	8/4/2015
1926538	9/12/2015
1926539	8/17/2015

Included with this letter, Graco is providing registered owners with new labels (one English label and one Spanish label) and application instructions. Please apply the new labels to your child restraint. Adhering the new labels to the child restraint will bring the child restraint into compliance.
