Affected vehicles are identified in OASIS. In addition, for a list of vehicles assigned to your dealership, visit <https://web.fsavinlists.dealerconnection.com>. This information will be available on April 30, 2015.

REASON FOR THIS SAFETY RECALL

In all of the affected vehicles, the side door latches have a pawl spring tab that may break. This condition will typically prevent the door from latching. In certain situations where the door is able to be closed, the door may unlatch while driving, increasing the risk of injury.

SERVICE ACTION

A complete Dealer Bulletin will be provided to dealers the third quarter 2015 when it is anticipated that initial parts ordering information and repair instructions will be available to support this safety recall.

CUSTOMER NOTIFICATION

Owners of record will be notified via first-class mail after repair instructions and parts ordering information have been provided to dealers.

PLEASE NOTE:

Federal law requires dealers to complete this recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a dealer could result in a civil penalty of up to \$7,000 per vehicle. Correct all vehicles in your new vehicle inventory prior to delivery
