RE: 2002-2006 CR-V
NHTSA Recall 15V-320

IMPORTANT

- **Your vehicle is included in a safety recall and should have the recall service done as soon as possible.**
- **Any authorized Honda dealer will perform the recall service at no charge to you.**

Dear JOHN Q SAMPLE:

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. In certain 2002-2006 Honda CR-V vehicles, the driver's front airbag inflator could produce excessive internal pressure upon deployment. If an affected airbag deploys, the increased internal pressure may cause the inflator to rupture (break apart). In the event of an inflator rupture, metal fragments could pass through the airbag cushion material possibly causing serious injury or fatality to you or others in the vehicle. Past ruptures like this have killed and injured vehicle drivers.

What will Honda do?

Honda will replace your vehicle's driver's front airbag inflator **free of charge**. Call any authorized Honda dealer and make an appointment to have your vehicle repaired.

If you have questions

If you have any questions about this notice, or you need assistance locating a dealer, contact Honda Automobile Customer Service at 1-888-234-2138. You may also find this information at www.Hondacars.com.

We apologize for any inconvenience this safety recall may cause you.

Sincerely,

American Honda Motor Co., Inc.
Honda Automobile Division
