**Why are you receiving this notice?**

On your vehicle, the low tire pressure warning indicator may illuminate with a message in the instrument cluster indicating that there is a Tire Pressure Monitor System (TPMS) fault. This condition can occur as the result of a software issue in the Remote Transceiver Module (RTM).

**What will Lincoln and your dealer do?**

In the interest of customer satisfaction, the Lincoln Motor Company has authorized your dealer to reprogram your vehicle's RTM free of charge (parts and labor) under the terms of this program.

This Customer Satisfaction Program will be in effect until January 31, 2018, regardless of mileage. Coverage is automatically transferred to subsequent owners.

**How long will it take?**

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

**What should you do?**

Please call your dealer without delay and request a service date for Customer Satisfaction Program 17B01. Provide the dealer with the VIN of your vehicle. The VIN is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access [www.Lincolnowner.com](http://www.Lincolnowner.com) for dealer addresses, maps, and driving instructions.

The Lincoln Motor Company wants you to have this service action completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed.

**What should you do?  
(continued)**

Your vehicle may be equipped with a diagnostic feature called the Vehicle Health Report which can inform you about all available recalls, as well as other key vehicle health information. Please see <https://owner.lincoln.com/vehicle-health> for more information.

**What if you no longer own this vehicle?**

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.
