Re: *Campaign Coding Changes*

To support a coming Claim System enhancement that will make Campaign Claim entry easier, a few Campaign Coding changes were made. The following changes will be effective within the Subaru Claims System as of 7/11/17. All Campaign Claims from this list should be entered with the new operation codes and times starting on 7/11/17. For your convenience and review, the corresponding Campaign Bulletins will be revised and placed in the What's New area of STIS on 7/11/17.
