

U.S. Department of Transportation  
**National Highway Traffic Safety  
Administration**

1200 New Jersey Avenue SE  
Washington, DC 20590

July 11, 2017

Mr. Philip Eaglesfield  
General Manager-Global After Sales Operations  
Aston Martin The Americas  
9920 Irvine Center Drive  
Irvine, CA 92618

NEF-150SM  
17V-411

**Subject:** Incorrectly Calibrated TPMS/FMVSS 138

Dear Mr. Eaglesfield:

This letter serves to acknowledge Aston Martin The Americas's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

ASTON MARTIN/DB11/2017

**Mfr's Report Date:** June 29, 2017

**NHTSA Campaign Number:** 17V-411

**Components:**

TIRES:PRESSURE MONITORING AND REGULATING SYSTEMS

**Potential Number of Units Affected:** 319

**Problem Description:**

Aston Martin the Americas (Aston Martin) is recalling certain 2017 DB11 vehicles. The affected vehicles have a tire pressure monitoring system (TPMS) that may be incorrectly calibrated, resulting in the low tire pressure warning tell-tale not illuminating at the required minimum activation pressure. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 138, "Tire Pressure Monitoring Systems."

**Consequence:**

If the driver is not warned that a tire is under-inflated, continued use may result in tire failure, increasing the risk of a crash.

**Remedy:**

Aston Martin will notify owners, and dealers will update the TPMS software, free of charge. The recall is expected to begin in July 2017. Owners may contact Aston Martin customer service at 1-888-923-9988. Aston Martin's number for this recall is RA-13-0025.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

We have received Aston Martin's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian  
Chief, Recall Management Division  
Office of Defects Investigations
