Date: September 14, 2017

Subject: Stop Delivery Order – Revised Population (Rev. 03)
GM Reference Number N172118130

Models: 2018 Chevrolet Silverado 2500HD Crew Cab
2018 GMC Sierra 2500HD Crew Cab

To: All General Motors Dealers

STOP DELIVERY ORDER

On September 1, 2017, GM ordered a stop delivery of certain 2017-2018 model year Chevrolet Silverado HD Crew Cab and GMC Sierra HD Crew Cab vehicles in new vehicle inventory. Additional vehicles have been added and some vehicles have been removed from this stop delivery order. The attached revised list provides the Vehicle Identification Number (VIN) of all involved vehicles in dealer new inventory. If your dealership's BAC is not listed, then none of the involved vehicles are currently assigned to you and no further action is required.

These 2018 model year Chevrolet Silverado HD Crew Cab and GMC Sierra HD Crew Cab vehicles may have just arrived or will be arriving shortly at their destination dealers.

Important: This revision 03 was necessary because some 2017 model year vehicles were discovered in the list that should have been transferred to the population of SUB 17357. The involved 2017 model year vehicles have now been transferred to SUB 17357. In addition to the attached revised list, you may reference the Investigate Vehicle History (IVH) screen in the GWM system.

Until further instructions are received, involved vehicles that are in dealers' possession (new vehicle inventory) must be held and not delivered to customers, dealer-traded, released to auction, used for demonstration purposes or any other dealer use.

Instructions for releasing the involved vehicles from this stop delivery will be provided in the near future.
