IMPORTANT SAFETY RECALL

See enclosed VIN list.

Subject: FCCC Bus Chassis Fuel Line Interference

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC, on behalf of its wholly owned subsidiary, Freightliner Custom Chassis Corporation, has decided that a defect which relates to motor vehicle safety exists on specific Freightliner Custom Chassis B2 school bus chassis (Thomas Built Buses Saf-T-Liner C2) manufactured August 23, 2011, through September 13, 2017.

On certain vehicles, a propane fuel line may be in close proximity to the transmission yoke. If improperly routed, the line may contact the yoke increasing the potential for a fuel leak. A fuel leak in the presence of an ignition source may increase the risk of a fire.

This is the first of two notices you will receive regarding this subject. This letter is to inform you of an upcoming Recall to correct the issue noted above. Daimler Trucks is currently validating the repair and securing replacement parts. There is no action for you to take at this time.

The second notice will inform you when the final remedy is available. **When you receive the second notice**, please contact your authorized Daimler Trucks North America dealer to schedule the Recall for your vehicle.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days.

If you have questions about this Recall, please contact the Warranty Campaigns Department at (800) 547-0712, 7:00 a.m. to 4:00 p.m. Pacific Time Monday through Friday, e-mail address DTNA.Warranty.Campaigns@Daimler.com, or the Customer Assistance Center at (800) FTL-HELP after normal business hours. If you are not able to have the defect remedied without charge and within a reasonable time, you may wish to submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the Vehicle Safety Hotline at (888) 327-4236 (TTY: 800-424-9153); or to <http://www.safercar.gov>.

We regret any inconvenience this action may cause but feel certain you understand our interest in motor vehicle safety.

Avis de rappel intermédiaire
Transport Canada n° 17-513**

RAPPEL IMPORTANT LIÉ À LA SÉCURITÉ

Consultez la liste de NIV ci-jointe.

Objet : Interférence avec la canalisation de carburant sur les châssis d'autobus FCCC

Cet avis vous a été envoyé conformément à la Loi sur la sécurité automobile du Canada.

Au nom de Freightliner Custom Chassis Corporation, sa filiale à cent pour cent, Daimler Trucks North America LLC a déterminé qu'une défectuosité reliée à la sécurité des véhicules à moteur existe sur certains châssis d'autobus scolaires Freightliner Custom Chassis B2 (Thomas Built Buses Saf-T-Liner C2) construits entre le 12 décembre 2013 et le 1er décembre 2016.

Sur certains véhicules, une canalisation de carburant propane peut se trouver à proximité immédiate de la fourche du joint de cardan. Si elle est mal acheminée, la canalisation peut entrer en contact avec la fourche et augmenter ainsi le risque de fuite de carburant. Une fuite de carburant en présence d'une source d'inflammation peut accroître le risque d'incendie.

Ceci est le premier de deux avis que vous recevrez à ce sujet. Le but de cette lettre est de vous informer d'un rappel à venir pour corriger le problème mentionné ci-dessus. Daimler Trucks effectue actuellement la validation de la réparation et prépare la fourniture des pièces de rechange. Vous n'avez pas d'action à prendre pour l'instant.

Le deuxième avis vous informera quand le remède final sera disponible. **Lorsque vous recevez le deuxième avis**, veuillez contacter votre concessionnaire autorisé Daimler Trucks North America, afin de prendre les dispositions nécessaires pour le rappel de votre véhicule.

Si vous n'êtes pas le propriétaire du ou des véhicules dont les numéros d'identification apparaissent sur l'avis de rappel, veuillez retourner l'avis au Service des campagnes de garanties avec tous les renseignements dont vous disposez qui pourraient nous aider à identifier le propriétaire actuel. Le loueur est également tenu par la loi fédérale de faire parvenir cet avis au locataire dans les 10 jours. Si vous êtes un fabricant secondaire, la loi fédérale exige que vous fassiez suivre cet avis à vos distributeurs et détaillants dans les cinq ouvrables.

Si vous avez des questions à propos de ce rappel, veuillez contacter le Service des campagnes de garantie au (800) 547-0712, entre 7 h et 16 h, heure du Pacifique, du lundi au vendredi, envoyez un courriel à DTNA.Warranty.Campaigns@Daimler.com, ou appelez le Centre d'assistance à la clientèle au 1-800-385-4357 après les heures normales de bureau.

Nous sommes désolés pour tout inconfort pouvant résulter de cette activité, mais nous sommes certains que vous comprenez notre intérêt dans la sécurité des véhicules motorisés.
