STARCRAFT/TRAVEL STAR/2009-2010
STARCRAFT/TRAVEL STAR EXP/2009-2010
STARCRAFT/TRAVEL STAR SPORT/2009-2010

Mfr's Report Date: November 21, 2017

NHTSA Campaign Number: 17V-747

Components:
EQUIPMENT

Potential Number of Units Affected: 2,879

Problem Description:

Starcraft RV (Starcraft) is recalling certain 2009-2010 StarCraft, Centennial, Homestead, Travel Star, Travel Star EXP, Travel Star Sport, Autumn Ridge and Autumn Ridge SE recreational trailers, 2010 Rock Star, Lexion, Emblem and Homestead recreational trailers, 2013-2016 Comet recreational trailers, 2013-2015 AR-One and Launch recreational trailers, 2014-2016 Starflyer recreational

trailers and 2016 Comet Hard Side recreational trailers. These trailers are equipped with Kidde Plastic-Handle or Push Button 'Pindicator' Fire Extinguishers that may become clogged, preventing the extinguisher from discharging as expected or excessive force may be needed to activate the extinguisher. Additionally, in certain models, the nozzle may detach from the valve assembly with enough force that it could cause injury and also render the product inoperable. For a full list of the affected fire extinguisher models visit: <https://static.nhtsa.gov/odi/rcl/2017/RMISC-17E062-5427.pdf>

Consequence:

In the event of a fire, if the fire extinguisher does not function properly, it can increase the risk of injury.

Remedy:

Starcraft will notify owners, and instruct them to contact Kidde for a replacement fire extinguisher, free of charge. The recall is expected to begin January 22, 2018. Owners may contact Starcraft customer service at 1-800-945-4787, or contact Kidde customer service toll-free at 1-855-271-0773, or online at www.kidde.com and click on "Product Safety Recall" for more information.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

We understand that you intend for Kidde to supply the required six quarterly recall completion rate reports.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
