Subject: Incorrect Axle Information on Label/Part 567

Dear Mr. Pullin:

This letter serves to acknowledge Gulf Stream Coach, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

GULF STREAM/GEO/2018
GULF STREAM/GULF BREEZE/2018

Mfr's Report Date: November 24, 2017

NHTSA Campaign Number: 17V-757

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 6

Problem Description:

Gulf Stream Coach, Inc. (Gulf Stream) is recalling certain 2018 Gulf Stream Coach 19FMB Breeze and Geo recreational trailers. The information on the Federal label lists an incorrect number of axles on the trailer. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Consequence:

The information regarding the trailer's gross axle weight rating (GAWR) for the front axle, tire, rim size and recommended tire pressure are correct, but there is only one axle, not two.

Remedy:

Gulf Stream will notify the affected owner and dealers, and will send a corrected label, free of charge. Owners may contact Gulf Stream customer service at 1-800-289-8787. Gulf Stream's number for this recall is 20171125.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As required in Part 573.6(c)(7), in the case of a noncompliance, please provide the date that Gulf Stream identified the incorrect axle quantity information.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
