

HoldUp Evo / SingleSpeed WheelCup Pin Replacement

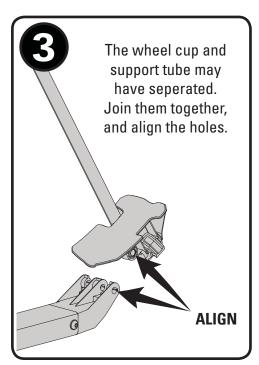

CONTENTS:

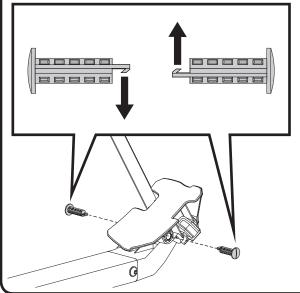

wheelcup pin replacement (1x)

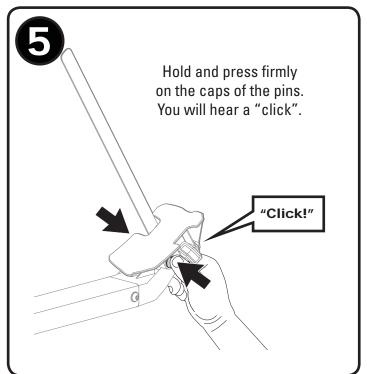

Insert the new pins by inserting them into the wheelcup BEING SURE THE HOOKS OPPOSE EACH OTHER.

6

Test the installation by using your fingernails to tug at the pins to ensure that they cannot be pulled out. If the pins are not secure repeat steps 2 through 6 being sure you oriented the hooks in step 4 correctly, and that you hear an audible "click" in step 5.
