Lexus requires all dealers to return any parts listed above that remain in dealer inventory by utilizing the Hazmat Part Return Program. Dealers will be issued a refund for all part returns under the program. This part return program is outlined in Service and Parts Operations Communication (SPOC) 2016-07.

Important Note:

In order to return the inflator, packages must **NOT** be opened/tampered with.

Refer to the Updated Dealer Letters and Technical Instructions on TIS for additional information.

Thank you for your cooperation.
