

Part 573 Safety Recall Report

18V-072

Manufacturer Name : Jayco, Inc.

Submission Date : JAN 29, 2018

NHTSA Recall No. : 18V-072

Manufacturer Recall No. : 9901372

Manufacturer Information :

Manufacturer Name : Jayco, Inc.

Address : 903 South Main Street

PO Box 460 Middlebury IN 46540

Company phone : 800-283-8267

Population :

Number of potentially involved : 103

Estimated percentage with defect : 100 %

Vehicle Information :

Vehicle 1 : 2018-2018 Towable Eagle EC 333BHOK

Vehicle Type : TRAILERS

Body Style :

Power Train : NR

Descriptive Information : H1EC0050-0098 J1EC0051-104 333 BHOK Travel Trailer

Scope was created using Production dates of these specific models - till date issue was corrected on line

Production Dates : AUG 03, 2016 - OCT 19, 2017

VIN Range 1 : Begin :

NR

End : NR

Not sequential

Description of Defect :

Description of the Defect : The GVWR of the EC model is higher than the range of the safety chains installed on LCI frame by LCI.

2017 GVWR is 12,250lb and 2018 GVWR is 12,500lb... with both model years having safety chains rated at 11,700lbs

FMVSS 2 : NR

Description of the Safety Risk : Underrated safety chains may allow unit to detach from towing vehicle , increasing risk of a crash with personal injury and/or property damage.

Description of the Cause : Discrepancy in vendor/ Jayco Engineering frame prints and data on record.

Identification of Any Warning NR
that can Occur :

Supplier Identification :

Component Manufacturer

Name : NR
Address : NR
NR
Country : NR

Chronology :

12-27-2017 discrepancy was reported between Engineering and LCI data / prints - frames specific to the Eagle Travel Trailers. Investigation started immediately and found that the safety chains installed by LCI to their frame for the EC model, did not match information / prints on file with Jayco Engineering. Issue / findings were presented to Jayco Corp. Safety Steering Com.1-25-2018 , who decided a Recall was required.

Description of Remedy :

Description of Remedy Program : Jayco dealer will remove underrated chains and install new safety chains (16,200lb) at no charge.

How Remedy Component Differs from Recalled Component : NR

Identify How/When Recall Condition was Corrected in Production : All affected EC Eagle TT of frame ratings and creation of new check point internally to audit GVWR and rating of safety chains.

Recall Schedule :

Description of Recall Schedule : Jayco Dealers will replace the original 11,700 lbs chains with 16,200rated chains at not charge to current owner on record. - We are prepared to release recall upon receipt of assigned recall number from NHTSA.
