SECOND NOTICE

IMPORTANT SAFETY RECALL

February 2018/March 2019

**This Notice Applies To Your Recreational Vehicle VIN #
NHTSA Recall Campaign # 18V-073**

Our records show that the Recall Remedy has not been completed on this unit. Please contact an authorized Dealer to set an appointment as soon as possible. If the Recall Remedy was performed, please complete the Reply form on the back of this letter and return to Jayco Corp. Compliance, so we can update our records. The initial Recall Notification letter released in February 2018 included the corrected labels, however if you inspect the current labels and they do not show the correct GVWR at 11,700 lbs. please submit a request to compliance@jayco.com with your current mailing address and we will mail them to you.

Dear Valued Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has decided that certain Model Year 2018 Eagle 320RLTS(EB), 338RETS(ED) and 330RSTS (EA) travel trailers, fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 120, "Tire selection and rims and motor home/recreation vehicle trailer load carrying capacity information for motor vehicles with a GVWR more than 4,536 kilograms (10,000 pounds)".

Due to a data entry error, the Gross Vehicle Weight Rating (GVWR) was incorrectly noted as 11,750 lbs. on the Federal Certification label, when the affected trailers were manufactured with a GVWR of 11,700 lbs. and the carrying capacity information noted on the yellow Cargo Carrying Capacity (CCC) was also incorrect. This error could allow consumer to inadvertently overload the trailer which may lead to drivability issues, causing a crash.

The corrected Federal Label and Cargo Carrying Capacity (CCC) label are enclosed with this notification letter. You may replace then correct labels on your trailer or contact a Jayco Dealer to set an appointment to place the labels on your trailer at no charge. If you choose to perform the recall remedy, ***please complete and return the enclosed Reply Form*** so we can note the recall repair as completed.

Federal regulations require that any vehicle lessor receiving this notice must forward a copy of this notice to the lessee within **ten days**.

If you take your recreational vehicle to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please contact our Customer Service Department at 800-283-8267. If after contacting your dealer and Customer Service you are not able to have the safety defect remedied without charge and/or within a reasonable time, you may wish to submit a written complaint to the Administrator, national Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153): or go to <http://www.safercar.gov>.

We certainly regret this inconvenience; however your safety is our most important priority.

Sincerely,
Jayco Towable Division
