Washington, DC 20590

February 13, 2018

Mr. John Kobylarz  
Automotive Safety Office  
Jaguar Land Rover North America, LLC  
555 MacArthur Boulevard  
Mahwah, NJ 07430

NEF-150JK  
18V-088

**Subject:** TPMS Settings Incorrect/FMVSS 138

Dear Mr. Kobylarz:

This letter serves to acknowledge Jaguar Land Rover North America, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

LAND ROVER/RANGE ROVER EVOQUE/2018

**Mfr's Report Date:** February 1, 2018

**NHTSA Campaign Number:** 18V-088

**Components:**

TIRES:PRESSURE MONITORING AND REGULATING SYSTEMS

**Potential Number of Units Affected:** 189

**Problem Description:**

Jaguar Land Rover North America, LLC (Land Rover) is recalling certain 2018 Land Rover Range Rover Evoque convertible vehicles equipped with 20-inch wheels. The Tire Pressure Monitoring System (TPMS) may be incorrectly set and thus may not illuminate the warning on the instrument panel when a tire's pressure is 25% below the recommended cold inflation pressure. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 138, "Tire Pressure Monitoring Systems."

**Consequence:**

If the vehicle fails to warn the driver of low tire pressure, driving the vehicle may result in tire tread separation, increasing the risk of a crash.

**Remedy:**

Land Rover will notify owners, and dealers will update the TPMS setting to correct the illumination setting, free of charge. The recall is expected to begin March 23, 2018. Owners may contact Land Rover customer service at 1-800-637-6837. Land Rover's number for this recall is N164.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Jennifer Kruger who may be reached by phone at (202) 366-2461, or by email at [jennifer.kruger@dot.gov](mailto:jennifer.kruger@dot.gov) or through the office email at [rmd.odi@dot.gov](mailto:rmd.odi@dot.gov). We look forward to working with you.

Sincerely,

Jennifer Timian  
Chief, Recall Management Division  
Office of Defects Investigations  
Enforcement
