**Potential Number of Units Affected:** 1,992

**Problem Description:**

Keystone RV Company (Keystone) is recalling certain 2018 Keystone Passport, Summerland and Hideout, Dutchmen Aspen Trail and Coleman, and Crossroads Zinger recreational trailers. These vehicles are equipped with Norcold N306 mini refrigerators that may have a loose or missing propane gas valve test port screw.

**Consequence:**

The loose or missing propane gas port screw can allow propane gas to leak when the refrigerator is used in 'gas' mode, increasing the risk of a fire.

**Remedy:**

Keystone will notify owners, and dealers will install and tighten the gas valve port screw, as necessary, free of charge. The recall is expected to begin April 23, 2018. Owners may contact Keystone customer service at 1-866-425-4369. Keystone's number for this recall is 18-315.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received Keystone's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
