Triple E Recreational Vehicles Recall CA#8930-1

This notice is sent to you in accordance with the requirements of the National Traffic & Motor Vehicle Safety Act. Triple E Recreational Vehicles has decided that certain 2017 & 2018 Unity (All models), Wonder (All models) & Serenity motorhomes manufactured between January 2017 & February 2018 fail to conform to Federal Motor Vehicle Safety Standard

Description of Noncompliance:

The OCCC (Occupant & Cargo Carrying Capacity) weight has been calculated incorrectly indicating more OCCC weight than the motorhome has. As a result, the vehicle could be overloaded, which would result in poor vehicle handling characteristics increasing the risk of a crash causing injury and/or damage to property.

To Have This Modification Performed:

We request your assistance to have this Safety issue corrected. Two (2) OCCC decals and one (1) Tire decal are provided at this time. Please follow the included information to adhere these decals to your motorhome.

If you had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall.
