Enter this material cost in sublet and itemize the amount on the repair order and in claim comment section.

And, as applicable:

Consequential Repair(s)

When additional work and/or parts are required as a “direct result” of the issue being address in this Service Information bulletin, claim these items under the defect code listed above together with the corresponding labor operations listed in the KSD2.

Please explain the reason for this repair work (the why and what) on the repair order and in the claim comments section.

And, as applicable:

Alternative Mobility Solution (AMS) for Vehicle Owners

This Recall repair qualifies for Alternative Mobility Solution (AMS) expense reimbursement, claim this item under the Defect Code noted above as follows:

- Sublet Code 2 - Itemize the AMS sublet amount on the repair order and in the claim comment section.

Please refer to SI B01 29 16 for additional information.

TREAD Act - Previous Customer-Pay Repairs

If your center is presented with a reimbursement request for a “qualifying customer-pay repair” that was performed on an “affected vehicle” prior to the release of this Recall Service Information bulletin, BMW of North America, LLC (“BMW NA”) will reimburse this previous repair.

Customer-pay Invoice Review and Reimbursement Procedure

1. Review and verify that the previous customer-pay invoice (BMW center or independent repair shop) contains a repair that was performed to “address the issue” described in this “Recall” Service Information bulletin.
2. If this prior repair qualifies, reimburse the customer (labor and parts).
3. Submit for this customer-paid repair expense under Defect Code **85 99 00 12 NA**, as follows:
 - Sublet Code “3”
 - Dollar amount (with no markup)
 - Comment: Recall Campaign 18V-248: Electronic Auxiliary Water Pump - Reimbursement for allowable expenses that relate to performing a prior qualifying customer-pay repair.
 - Itemize the sublet amount on the repair order and in the claim comments
4. Retain the “original” customer pay invoice in your files; this documentation may be requested by BMW during the claim review process).

Note: A previously reimbursed repair, a repair performed on a non-affected vehicle, and/or, the diagnosis and repair of other “unrelated issues” on an affected or non-affected vehicles does not qualify for reimbursement.

This claim submission for the “prior customer-pay reimbursement,” when it is submitted as outlined under Defect Code “85 99 00 12 NA,” **will not close** the “Open” Safety Recall on the vehicle.

The applicable “open” Recall repair must still be performed on the vehicle.

SI B11 05 18: ALTERNATE TRANSPORTATION MEASURES (ATM)

For this recall, please use the following alternate transportation measures for those customers who have concerns about driving their affected BMW vehicle while they wait to have this safety-recall completed.

A. Enhanced Car Rental Procedure

For those customers with eligible Affected Vehicles needing mid to long-term alternate transportation car rentals, please refer to the Enhanced Car Rental Procedure option attachment for important information about:

1. The rental car allowance;
2. Safety-Recalled BMW_Vehicle Condition_Assessment Form; and the
3. Self-Storage Agreement.

The following is required to be performed **prior** to supplying the customer the rental vehicle and submitted via the email address below within two **(2) business days** of supplying the rental vehicle:

- Fully complete the attached **Safety Recalled BMW Vehicle Condition/Assessment Form and if applicable, the Self-Storage Agreement** (Save either as pdf or print and scan to attach to the email)
- Create an email with the Subject: Safety Recall Rental Request - VIN: ##### (Customer’s VIN- last seven)
- In the body of the email, please include the start date of the rental, the part number(s) that are not available and any other information that is relevant to the situation

- Provide a center contact person's name, phone number and email address.
- Please send this VIN-specific email to Recall.rentalrequest@bmwna.com with the completed **Safety Recalled BMW Vehicle Condition/Assessment Form** and if applicable, the **Self-Storage Agreement** attached for review.

A BMW NA representative will respond to your e-mail with instructions on how to proceed.

B. AMP Vehicles

Subject to availability and at the discretion of your center, provide the owner/operator of an Affected Vehicle in a comparable AMP Vehicle Loaner.

Owner/Operator Self-Storage Vehicle Agreement Form

With the customer's agreement and consent, you may allow the customer to retain and self-store their affected vehicle until the parts and/or repair procedure become available for this safety-recall.

Please print out the attached **Owner/Operator Self-Storage Agreement Form** and fill in the recall and customer's information. Please have the customer read and sign this agreement.

Required Documentation

A copy of the customer's completed and signed vehicle storage agreement form must be maintained in your center's Vehicle History File and if necessary, be provided to BMW NA upon request.

Please, also keep copies of all the corresponding safety recall parts and/or SIB-related information and documentation, vehicle's condition/assessment form and rental car invoices in the customer's Vehicle History File as applicable.

Customer Escalations

If you have an escalated customer situation concerning this safety-recall, please send an e-mail to recall.customerescalations@bmwna.com for review.

Please include the customer's name, their 17-character Vehicle Identification Number (VIN) and a brief explanation of their Safety Recall-related issue.

Safety Recall Repair Completion

As with any repair, once the corresponding safety recall-related parts and/or repair procedure become available from BMW NA, every effort must be made to immediately schedule service appointments at your center so this safety-recall repair can be performed on these vehicles.

Note: The client will have five (5) days after the safety-related recall repair (completion) date

to pick up their vehicle.

After five days, any additional time he/she remains in the rental car vehicle will be at the owner's/operator's expense.

ATM CLAIM SUBMISSION INFORMATION

Reimbursement for this specific safety-recall related car rental expenses is via normal claim entry, as a separate line item, utilizing the following information:

Defect Code:	11009999RV	Rental Reimbursement – Safety-Recall Parts Supply/Repair Procedure Issues
---------------------	-------------------	--

And:

Sublet Code 3	Sublet at cost	Reimbursement for an alternate transportation vehicle through one of our preferred third-party rental car providers
----------------------	----------------	---

Mid to Long-Term Car Rentals

Due to the current part supply situation, BMW NA anticipates that some customers may require alternate transportation for thirty (30) days or more. As a result, you may have to submit more than one claim for rental car reimbursement, before your center has the parts necessary to fix an Affected Vehicle.

For these cases, BMW NA recommends that your center submit a claim for the rental car reimbursement at 30-day or monthly intervals (invoice after each 30 day or month of rental car usage); explain the situation in the claim comments; and reference the email you sent by date.

Please note: If the above Enhanced Car Rental Procedure is not adhered to and BMW NA does not receive the required email about this the rental, the corresponding claim submissions will be declined or debited.

Thank you for your continued cooperation and support.

SAFETY RECALL NOTICE

To: All Center Operators, Sales Managers, Service Manager, Parts Manager and Warranty Processor

RE: Recall 18V-248: Electronic Auxiliary Water Pump B11 05 18

BMW Group is conducting a Voluntary Safety Recall (effective April 25, 2018) on certain Model Year 2008 - 2012 BMW vehicles with N63, S63 and N74 engines that were produced from November 2007 through November 2011. The issue involves the electric auxiliary water pump for these turbocharged engines.

Owners will be notified by First Class mail about the Recall and will be instructed to bring their vehicles in for a free repair when parts are available.

Please be reminded that it is a violation of federal law (The Safety Act) for you to sell, lease or deliver any new motor vehicle covered by this notification until the recall repair has been performed. This means that centers may not legally deliver new motor vehicles to consumers until they are fixed or use/sell replacement equipment/parts subject to this recall. Note also that substantial civil penalties apply to violations of the Safety Act.

Also, you should not sell, lease or deliver any Certified Pre-Owned or used vehicles subject to a safety recall until the repair is completed.

Please follow any special instructions that we provide to you for the return or disposition of recall parts.

We appreciate all your assistance with this Recall.

R60	Cooper S Countryman, Cooper S Countryman ALL4	2011 – 2012	9,669	Jan 19, 2011 – Sep 30, 2011

Q2. What is the specific issue?

The issue involves the electric auxiliary water pump on the models equipped with 4-cylinder turbocharged engines (MINI) and 8- and 12-cylinder turbocharged engines (BMW). The auxiliary pump is controlled electronically by an engine control unit. After switching off the engine, the electric auxiliary water pump conducts heat away from the turbocharger.

Under certain conditions, the pump's electronic circuit board can malfunction. The malfunction can occur as a result of certain design features in combination with high operating temperatures.

Q3. What can happen as a result of this issue?

If the pump's electronic circuit board malfunctions, it can overheat. In an extreme case, overheating of the circuit board can lead to smoldering of the water pump. If smoldering occurs, it cannot be excluded that this may also lead to an engine compartment or vehicle fire.

Q4. This sounds familiar. Was there a similar recall before?

Yes, the BMW Group conducted similar recalls in 2011 and 2012.

BMW / MINI
Last Updated 4/23/2018

Q5. Why are additional models being added?

The pump supplier produced additional pumps that did not meet specifications.

Q6. Why are other BMW Group vehicles not included in this Safety Recall?

Other vehicles have a different electric auxiliary water pump design.

Q7. How did BMW Group become aware of this issue?

BMW Group became aware of this issue through its quality control procedures.

Q8. Can I determine if this issue exists in my vehicle?

If you notice a plastic burning smell, or burning and/or smoke from the front of the vehicle, your vehicle may be experiencing this issue.

Q9. What should I do if I notice this condition in my vehicle?

Should this condition occur, pull off the road to a safe location away from traffic, and switch off the engine. If you notice a plastic burning smell, or burning and/or smoke from the front of the vehicle, do not open the hood. All occupants should carefully exit the vehicle and move to a location away from traffic. Do not continue to drive your vehicle.

Contact BMW Roadside Assistance at 1-800-332-4269 or MINI Roadside Assistance at 1-866-646-4772 immediately to have your vehicle brought to the nearest authorized dealer.

Q10. Can I continue to drive my vehicle?

Yes. However, when you receive a letter asking you to have this recall performed by an authorized BMW center / MINI dealer, please do so as soon as possible. If you are not the only driver of this vehicle, please advise all other drivers of this important information.

Q10a. I am nervous about continuing to drive my vehicle. Can I get a loaner vehicle? Is alternate transportation available?

If you request a loaner vehicle and replacement parts are not available, we have directed our authorized BMW centers / MINI dealers to assist customers with alternate transportation needs.

Q11. Should I park my car in the garage, because this condition can occur when the engine is off?

The BMW Group recommends parking your vehicle outdoors until repairs have been performed.

Q12. How will my vehicle be repaired?

The electric auxiliary water pump will be replaced on your vehicle.

Q13. Is BMW Group aware of any accidents, injuries or fires involving these BMW Group vehicles associated with this Safety Recall?

There are no known accidents or injuries associated with this Safety Recall. While the number of fires has not been confirmed, a limited number may be related to this issue.

Q14. How will I be informed of this Safety Recall?

You will receive a letter in June via First Class mail advising you of this recall. Depending upon vehicle model and parts availability, this letter may request you to schedule an appointment with an authorized BMW center / MINI dealer to have this recall performed. In cases where parts are not immediately available, you will receive a second letter when parts become available, advising you to schedule an appointment with an authorized BMW center / MINI dealer at that time to have this recall performed. You can locate your nearest authorized BMW center at www.bmwusa.com/dealers or authorized MINI dealer at www.miniusa.com/dealer.

To ensure the BMW Group has your most recent contact and vehicle information, please register your vehicle at www.bmwusa.com/myBMW or <https://ol.miniusa.com/>. Registration is free, and will give you access to factory initiated campaigns and other information specific to your vehicle.

Q15. How long will the repair take?

This repair will take approximately 1 hour; however, additional time may be required depending upon your dealer's schedule. The repair will be performed for free by your authorized BMW center / MINI dealer.

Q16. Do I have to wait for my letter to have my vehicle serviced?

Yes. We are in the process of implementing the recall campaign to ensure that the necessary parts are at the BMW centers / MINI dealers prior to sending out the owner notification letters. For the latest updates to this recall, please visit www.bmwusa.com/recall or www.miniusa.com/recall.

Q17. I see the "TREAD Act Customer Reimbursement Plan" attached to my letter. Can you explain what that is about? Am I eligible for reimbursement?

If you have already had this repair performed at your own expense, you may be eligible for reimbursement of certain expenses that you incurred.

You have been informed that your BMW Vehicle (referenced above) is subject to the following Safety Recall issued by BMW of North America, LLC ("BMW NA"):

Recall 18V - 248	Electronic Auxiliary Water Pump
------------------	---------------------------------

The replacement part(s) and/or repair procedure to perform this Safety Recall repair are not available at this time.

The authorized BMW center is providing you with a loaner/rental vehicle to drive until BMW NA notifies you that the recall-related parts and/or repair procedure are available to be performed on your Vehicle, or until such time, the authorized BMW center requests you to return the loaner/rental vehicle, whichever occurs first.

The authorized BMW center will allow you to take your Vehicle (referenced above) home and store it (**outside when applicable and necessary**) while you are driving the loaner/rental vehicle.

You must therefore agree to the following:

- You will drive the Vehicle directly home, store it (as noted above) outside and not drive it again, other than to return it to the BMW center when the parts and/or repair procedure becomes available to perform the Recall repair
- You will store your Vehicle at your home, or another safe location of your choice, at your own risk
- You will ensure that the vehicle's keys are secured and inaccessible to others
- You will maintain your Vehicle and will not alter, modify or sell the Vehicle (except in the case of a leased vehicle, which you may return at the expiration of your lease, if that time pre-dates the availability of the replacement parts and/or repair procedure to perform the Recall)
- You understand that you will be responsible for any and all damages caused to the Vehicle if it is driven prior to the performance of the Recall repair, other than directly to or from the BMW center

By signing below, you expressly agree to all of the terms and conditions set forth herein.
