Mfr's Report Date: May 2, 2018

NHTSA Campaign Number: 18V-274

Components:

EQUIPMENT:MECHANICAL:CARRIER/RACK

Potential Number of Units Affected: 293

Problem Description:

Winnebago Industries, Inc (Winnebago) is recalling certain 2018 Winnebago Travato and 2018-2019 Winnebago Era, and Revel recreational vehicles. The roof rack may not have been installed with the correct fasteners, possibly resulting in the roof rack detaching from the vehicle while moving.

Consequence:

If the roof rack detaches while moving, it could become a road hazard, increasing the risk of a crash.

Remedy:

Winnebago will notify owners, and dealers will add a screw adjacent to each rivet, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Winnebago customer service at 1-641-585-6939 or 1-800-537-1885. Winnebago's number for this recall is 150.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Winnebago's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
