Dear Mr. Bush:

This letter serves to acknowledge Suzuki Motor of America, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

SUZUKI/GRAND VITARA/2006

Mfr's Report Date: September 25, 2018

NHTSA Campaign Number: 18V-667

Components:

STEERING:HYDRAULIC POWER ASSIST SYSTEM

Potential Number of Units Affected: 1,107

Problem Description:

Suzuki Motor of America, Inc. (Suzuki) is recalling certain 2006 Suzuki Grand Vitara vehicles. The power steering pump belt tension adjuster pulley has an outer portion that is made of plastic. Repeated heat stress can cause the plastic material to deteriorate, causing pieces of the pulley to break off.

Consequence:

Broken pieces of the pulley can get caught between the pulley and the drive belt, causing the drive belt to come off, resulting in a sudden loss of power steering assist, increasing the risk of a crash.

Remedy:

Suzuki will notify owners, and dealers will replace the power steering pump drive belt tension adjuster pulley, free of charge. The recall is expected to begin October 26, 2018. Owners may contact Suzuki customer service at 1-800-934-0934. Suzuki's number for this recall is 4009. Note: The vehicles included in this recall were not previously recalled under 10V-250.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:
