SAFETY RECALL NOTICE

Sara Blair
Category Merchant – Baby and Routine Care
Dollar Tree / Family Dollar Stores
500 Volvo Parkway
Chesapeake, VA 23320

Dear Retailer,

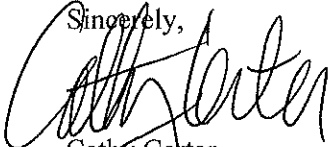

Dorel China America, Inc. (DCA) will shortly notify the National Highway Traffic Safety Administration of a forthcoming voluntary safety recall of the babidéal™ Storm Booster child restraint system manufactured on 2/28/2019 sold exclusively at Family Dollar retail stores. DCA discovered the warning label sewn on the fabric cover incorrectly depicts warnings for a child's feeding booster seat instead of the warning language required for automotive equipment child restraint system booster seats. There is the potential of increased risk of injury in the event of an accident because the required safety warnings for automotive equipment child restraint system booster seats were not available to the caregivers. DCA has received no reported incidents. Model Affected: babidéal™ Storm Booster BC901B-PXL.

We have already communicated with your office and have requested all current inventory of those units affected to be put on stop sale and placed on hold. We will be in touch with your office to make arrangements for a verified destruction plan for those affected in the near future. DCA will contact consumers who have registered with the affected model to receive a free repair kit which includes instructions and a new fabric cover. We are prepared to begin distributing the free repair kit in early December 2019. Consumers who have not registered their child restraint systems are encouraged to visit our website at www.babideal-us.com for more information.

If you have any affected products in your inventory that are not covered by the hold we placed, we request that you immediately take steps to ensure that none of them is sold to a consumer. It is a violation of federal law to sell or deliver any of these products to consumers.

We value your business and appreciate your support and if you have any questions please contact me.

Sincerely,

Cathy Carter
