Dear Ms. Kauffman:

This letter serves to acknowledge MORryde International, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

MORRYDE/CARGO TRAY/9999

**Mfr's Report Date:** February 21, 2019

**NHTSA Campaign Number:** 19E-014

**Components:**

EQUIPMENT

**Potential Number of Units Affected:** 1,541

**Problem Description:**

MORryde International, Inc. (MORryde) is recalling certain recreational trailer chassis that are equipped with Cargo Trays with carpeting. The affected trays, part numbers CTG60-48115W and 48105W, have rivets that secure the stop bracket to the cargo tray which may shear due to having insufficient strength.

**Consequence:**

If the stop bracket rivets fail, the cargo tray may disconnect and detach from the frame, increasing the risk of injury or a crash.

**Remedy:**

MORryde has notified the trailer manufacturers with the affected chassis and dealers for those companies will replace the hollow rivets with structural rivets, free of charge. The recall began February 20, 2019. Owners may contact MORryde customer service at 1-574-293-1581.
