# IMPORTANT SAFETY RECALL

## Adjustable Brake Pedal

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [2019 Model Year (DT) RAM 1500 Pickup] vehicles equipped with adjustable pedals. This issue does not affect vehicles equipped with non-adjustable pedals.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The adjustable pedal assembly on your vehicle <sup>[1]</sup> may allow the brake pedal adjustment to over travel. This could cause the brake pedal to become separated from the pedal assembly. **If the brake pedal separates from the adjustable pedal assembly, the driver may be unable to use the brake pedal to apply the service brakes, which can cause a vehicle crash without prior warning.**

**FCA US urges customers affected by this recall to refrain from using the adjustable pedal feature until their vehicles are serviced. Further, FCA US reminds customers not to use the adjustable pedal feature while driving, as stated in the owner's manual.**

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will repair the adjustable pedal assembly. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is one hour. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**
