Potential Number of Units Affected: 1,270

Problem Description:

Prevost Cars, Inc is recalling certain 2015-2018 X3-45 VIP, X3-45 VIP Entertainer, X3-45 Passenger, H3-45 VIP, and H3-45 passenger coaches and motorhomes equipped with specific fire suppression systems. The actuator of the fire extinguisher system may not function properly, preventing the fire extinguisher from discharging the fire suppression agent.

Consequence:

If the fire suppression system does not work as intended, it can increase the risk of injury in the event of a fire.

Remedy:

Prevost Cars will notify owners, and the fire suppression system manufacturer will inspect the systems, replacing them as necessary, free of charge. The recall is expected to begin April 1, 2019. Owners may contact Prevost customer service at 1-866-870-2046. Prevost's number for this recall is SR19-03.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

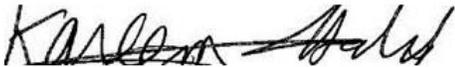

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
