**Subject:** Incorrect Axle Information on Placard

Dear Mr. Becker:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

FOREST RIVER/SABRE/2019

**Mfr's Report Date:** March 1, 2019

**NHTSA Campaign Number:** 19V-151

**Components:**

EQUIPMENT:OTHER:LABELS

**Potential Number of Units Affected:** 4

**Problem Description:**

Forest River, Inc. (Forest River) is recalling certain 2019 Forest River Sabre trailers. The Federal Placard may incorrectly state that the trailer has 6,000 lb. capacity axles when the trailer actually has 5,200 lb. capacity axles.

**Consequence:**

The incorrect label can cause the operator to overload the vehicle, which may lead to a loss of control, increasing the risk of crash.

**Remedy:**

Forest River has notified owners, and dealers will provide replacement placards that indicate the correct axle weight rating, free of charge. The recall began March 8, 2019. Owners may contact Forest River customer service at 1-574-642-2100. The Forest River number for this recall is 62-0972.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to Forest River's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at [kristin.lepper@dot.gov](mailto:kristin.lepper@dot.gov). We look forward to working with you.

Sincerely,

Kareem Habib
