## **IMPORTANT: Update to Service Bulletin 563**

This past March, Triumph Motorcycles Ltd. initiated a voluntary safety recall regarding a misrouted coolant hose affecting a specific VIN range of Triumph Speed Twin models.

We have discovered a small number of additional VINs that needs to be added to the Service Bulletin 563 – Coolant Hose Recall. All additional VINs are listed in Appendix A of the attached [Safety Recall Action Notice 563 \(Updated Appendix A\)](#) PDF.

### **PLEASE NOTE:**

- Our systems are now updated to reflect the additional SB563 VINs.
- The English language version of Service Bulletin 563 has been re-issued to Issue 2 and is now Live on Triumph Online (TOL). Issue 2 takes in count the additional VINs on Appendix A.

We apologize for the inconvenience this may cause, but we are taking this action in the interest of our customers' personal safety and satisfaction with our products. We thank you in advance for your cooperation.
