

## IMPORTANT SAFETY RECALL

Safety Recall: 19V-172 2019-126  
March 2019

### This Notice Applies to Your Recreational Vehicle: VIN

Dear Valued Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2018 Seismic and Talon fifth wheels.

***Reason for  
this recall***

The fastening method used to secure the fuel tank may be incorrect, which could lead to broken and/or loosening of bolts securing the tanks over time. Once the braces securing the fuel tank fail, there will be nothing to support the tank. Separation of the fuel tank from the fifth wheel, increases the risk of an accident, fire and/or property damage.

***Recall  
Remedy***

An authorized Dealer will inspect the fastening method used to secure the fuel tank and replace them as needed. The remedy is free of charge and depending on the inspection findings, the remedy could take approximately 1 hour.

***What we  
need you to  
do***

Please contact a Jayco Authorized Dealer as soon as possible to schedule an appointment to have this remedy completed.

If you had this repair completed prior to receipt of this recall notice, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall.
