Mfr's Report Date: March 6, 2019

NHTSA Campaign Number: 19V-174

Components:

PARKING BRAKE:CONVENTIONAL:MECHANICAL:LINKAGE AND CABLE

Potential Number of Units Affected: 69

Problem Description:

Jayco, Inc. (Jayco) is recalling certain 2019 Jayco Greyhawk and Redhawk motorhomes. The parking brake cable ends may be too small, allowing the cable to disconnect, preventing the emergency brake from engaging.

Consequence:

Without the parking brake being engaged, the vehicle may unintentionally move, especially when parked on an incline, increasing the risk of a crash.

Remedy:

Jayco has notified owners, and dealers will replace the parking brake cable, free of charge. The recall began March 15, 2019. Owners may contact Jayco's customer service at 1-800-517-9137. Jayco's number for this recall is 9803428.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
