Subject: Federal Placard Incorrect Axle Rating Information

Dear Mr. Becker:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FOREST RIVER/SURVEYOR/2018-2019

Mfr's Report Date: March 8, 2019

NHTSA Campaign Number: 19V-191

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 53

Problem Description:

Forest River, Inc (Forest River) is recalling certain 2018-2019 Forest River Surveyor recreational trailers, models SVT201RBLE, SVT201RBLE-47 and SVT201RBS-47. The Federal Placard indicates that the vehicles have 3,500 lb. capacity axles, whereas the vehicles actually have 2,500 lb. capacity axles.

Consequence:

The incorrect label may cause the trailer to be overloaded, possibly resulting in a loss of control and increasing the risk of a crash.

Remedy:

Forest River has notified owners and provided replacement placards that contain the accurate axle weight capacity information, free of charge. The recall began on March 18, 2019. Owners may contact Forest River's customer service at 1-574-642-3119. Forest River's numbers for this recall are 37-0979 and 47-0979.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Kareem Habib
Acting Chief, Recall Management Division
Office of Defects Investigations
Enforcement
